

## **Award winning property management services by Locker Realty Mgmt.**

Locker Realty Mgmt. takes extreme pride in the properties that they manage, with a keen eye for detail, looking through the eyes of the tenants. Figuring that many tenants spend more hours in the building that they lease, than they do at home, it is our philosophy that the buildings we manage need to be maintained and look every bit as inviting, with beautiful surroundings, as our tenants' homes. This care and attention to detail has earned Locker Realty Mgmt. various awards and is always appreciated by the tenants and property owners.

La Canada Valley Beautiful judges commercial properties three times a year, giving an award as special thanks for helping to keep La Canada beautiful. The property located at 1528 Foothill Blvd. received an award for its beautiful condition, upkeep, and landscaping and then a few months later the property located at 1751 Foothill Blvd. received the award – both buildings are managed by Locker Realty Mgmt.

The Glendale Beautiful Committee presented their 2012 Beautification Award to the Glen Oaks Escrow building located at 6100 San Fernando Road in Glendale. The 6100 San Fernando Road property is a 39,000 square foot, multi-tenant business park, with two main street frontages and generous landscaping, and is also managed by Locker Realty Mgmt.
